## OEN Supports the EFC Scholarship Program

- The Electro-Federation Canada (EFC) scholarship program has been supporting students for over 20 years
- In 2017 EFC is awarding over \$150,000 across 57 scholarships to support university and college students in their pursuit of an exciting career in the electrical and electronics industries
- The OEN is proud to support the EFC scholarship program

## OEN “Women in Energy Scholarship”

- The OEN Women In Energy Scholarship will be granted to a female Ontario undergraduate University or College student in an Engineering or Business program who has completed her first year of study with a minimum cumulative average of 80%, and who has demonstrated a commitment to community service.
- \$3,500 – application deadline May 31, 2017

## OEN “Aboriginal Energy Scholarship”

- The OEN Aboriginal Energy Scholarship will be granted to an Ontario Aboriginal undergraduate University or College student who has successfully completed at least one year of study in the Electrical trade, Engineering, IT or Business disciplines, and who has demonstrated a commitment to community service.
- \$3,500 – application deadline May 31, 2017

## OEN “Sustainable Development Scholarship”

- The OEN Sustainable Development Scholarship will be granted to an Ontario undergraduate university or college student in sustainable development, engineering or electronics with a major focus on sustainable development, or environmental studies, who has completed their first year of study with a minimum cumulative average of 80%, and who has demonstrated leadership and a commitment to community service.
- \$3,500 – application deadline May 31, 2017
